

# BANJO MEASUREMENT FORM

## MEASURING INSTRUCTIONS

- Place the instrument on a table & rest the top tuning peg on a 1/2" block. Tip: Try a stack of post-it notes, business cards, or an eraser.
- Take measurements to the nearest 1/16".
- Note anything unusual about your guitar. Have there been any modifications since the original/factory purchase or anything else that requires special cutting of the padding? If so, please include the details and/or measurements for these items in the notes field.

## TRACING INSTRUCTIONS

- Place the instrument laying flat on a solid surface, with the paper placed underneath. Use a sturdy paper but no cardboard please.
- With your drawing tool placed firmly against the instrument's edge, and perpendicular to the surface of the paper, mark the paper according to the contour of the instrument.

## PHOTO INSTRUCTIONS

Take 3 Photos of your instrument and submit them with your tracing. Place post-it note on instrument body (we use this for scale). **A.** Hold camera directly above the center of the body and photograph the body. **B.** Hold camera directly above center of instrument and photograph the entire instrument. **C.** Hold camera perpendicular to the side of instrument and photograph side profile of the entire instrument.

## CUSTOMER INFORMATION

Name: \_\_\_\_\_ Date: \_\_\_\_\_  
 Email: \_\_\_\_\_ Phone: \_\_\_\_\_

## INSTRUMENT INFORMATION

Brand: \_\_\_\_\_ Model: \_\_\_\_\_
