INSTRUMENT INFORMATION

Instrument Brand: _____

Model: _____

Year: _____ Serial #: _____

Have there been any modifications? yes

MEASURING INSTRUCTIONS

STEP 1:

Place the instrument on the table, slanted headstock should hang off table edge.

STEP 2:

Take measurements to the nearest 1/16".

STEP 3:

Make a tracing of the guitar body shape using butcher, tracing, or a reasonable weight paper. It is important that this tracing is accurate to obtain a precise fit for your instrument.

STEP 4:

Note anything unusual about your guitar. Have there been any modifications since the original/factory purchase or anything else that requires special cutting of the padding? If so, please include the measurements for these items & note their exact placement on your tracing.

TRACING INSTRUCTIONS

• Place the instrument laying flat on a solid surface, with the paper placed underneath.

• With your drawing tool placed firmly against the instrument's edge, and perpendicular to the surface of the paper, mark the paper according to the contour of the instrument.
